

Awareness of Mental Health Problems

Course Overview

This course will provide you with an understanding of what is meant by mental health and mental ill health as well as looking at the legal frameworks that ensure high quality care can be provided. More specifically, this workbook will introduce you to the causes and symptoms of stress, anxiety and depression. For each of these mental health conditions, you will explore what each of these conditions may feel like and how they affect the individual as well as how they affect family and friends. Finally, you will gain an understanding of the ways in which these conditions can be managed.

Completion within 16 weeks, although early completion is achievable

Benefits of study:

No need to attend college, work from home at a pace that suits you.
