

Level 2 Practical Animal Care

Course Overview

Learners will have the opportunity to develop a range of skills required when working in the animal care industry such as team work, practical handling and organisational skills. These skills are gained whilst working in a real life setting within our animal care facilities. During the course learners will practice those skills during their practical session and work with industry stakeholders. Our experienced animal care team will support you with your studies whilst sharing their industry experience and knowledge, making the course realistic and content current. You will learn through theory sessions, industry placement and practical hands on sessions.

What You Will Study

- Control and Restrain Animals
- Moving Animals Between Locations
- Prepare and Groom Animals
- Promote and Maintain the Health and Well-Being of Animals
- Select and Prepare Accommodation for Animals
- Prepare Feed for Animals
- Provide Feed and Water for Animals

How You Will Be Assessed

You will be assessed by assignments and practical portfolio.
