

Level 4 Children, Young People & Families Practitioner Apprenticeship

Course Overview

As a practitioner you will be working with children, young people and families, including carers, to achieve positive and sustainable change in their lives. You will demonstrate a passion to care for and about children, young people and families. You will be skilled in recognising and assessing the complex needs that children, young people and families often present. You will agree with the child, young person or family any specific interventions or referrals. Your approach will be one of respectful curiosity that challenges and supports children, young people and families to achieve their potential and stay safe.

You will work alongside other professionals and organisations to share the responsibility for improving outcomes. Each piece of work with a child or family will be different and you will exercise judgement on a range of evidence-based approaches to inform your practice. You will regularly evaluate the effectiveness of your methods and actions. Regular supervision with an experienced practitioner will encourage reflection on your practice. At the end of the apprenticeship, the high quality of your practice will be making a real difference to those that you work with.

Please note, a mandatory component of the Level 4 Apprenticeship is to complete mandatory units at Level 3.

Portfolio sessions will include theory research, practical tasks, work based projects, resource learning. Your assessor will plan, and assess your practical work in the workplace.

What You Will Study

Some of the units you may study include:

- Development of children and young people
- Safeguard and protect children and young people
- Promote effective communication and information handling
- Support risk management
- Assessment and planning with children and young people
