Course Overview

Empower yourself with our Women's Basic Automotive Maintenance course, designed exclusively for beginners ready to take charge of their automotive knowledge! This supportive and inclusive program is perfect for women seeking a career change and unemployed or underemployed individuals eager to explore new opportunities. Car enthusiasts and hobbyists will find a welcoming environment to learn the basics, while those new to the field can build their confidence.

You'll gain essential skills to care for your own vehicle and learn preventative maintenance techniques to help you avoid costly repairs. Adult learners returning to education will feel at home in this dynamic community. Join us and connect with like-minded women as you develop the skills and confidence to thrive in the automotive industry!

Safety shoes and overalls are required for this course.
